

## Berger 2023 – Wessex Summer Expedition

### 12<sup>th</sup> to 26<sup>th</sup> August 2023

Dear WCC members,

The mayor's office in Engins, France has very kindly issued the Wessex with a permit to visit the Gouffre Berger between 11<sup>th</sup> and 20<sup>th</sup> August 2023. As such we are arranging a Wessex Summer Expedition to the Vercors between 12<sup>th</sup> and 26<sup>th</sup> August.

The highlight of the expedition will be the opportunity to explore the Gouffre Berger, recognised as one of the world's great caves and the first cave to be explored below the magical 1,000 metre mark. In addition there will be trips to the many other caves in the area, along with opportunities for canyoning, via-ferrata, walking, cycling etc.

We will hopefully be camping at Autrans and more details will be made available as arrangements are finalised.

If you are interested in coming along please fill out the form below so we can keep you informed. <https://forms.gle/7yquF122V4gnPM947>

We will have an initial briefing meeting on Saturday Dec 10<sup>th</sup> at Wessex at 5.30pm.
