

## Wessex SRT Kit Usage Policy

- The Wessex owns and maintains two complete SRT kits.
- They are available for use by current members only.
- They are kept in the same locker as the 2nd Saturday Kit (Locker 7, key under the stairs).
- Any committee member can issue them but they must be signed out and back in (log book in the locker).
- The kits are to be used solely for the use of teaching or training SRT.
- They must only be used on the WCC tower or in Hunters' Hole.
- Any damage to the kit, other than wear and tear, must be reported.
- The borrower will be liable for any damaged, lost or stolen components.
- The SRT kit will be inspected after each use by a competent individual.
- The borrower must be made aware that WCC will not be held liable for the safety or suitability of the kit. The borrower is solely responsible for ensuring the kit is safe and suitable for the purposes they intend to use it for.
- Furthermore, it is the responsibility of the borrower to ensure any person training them is suitably qualified and / or experienced.
